

REVISED MILK
ORDINANCE PASSED

City Council Provides for Sale of Pure Milk in Monett. Arrange for Street Improvement.

At their regular monthly meeting held Tuesday, the city council passed a milk ordinance, revised from the one first submitted to meet the requirements of a town the size of Monett, without working a hardship on the milk dealers.

The ordinance provides that a certificate of registration be secured the first of February of each year by each dairyman selling milk in the city. The certificate is to be accompanied by a certificate issued by a state or deputy veterinarian stating that the cows are free from tuberculosis and otherwise in good health.

The ordinance creates the office of milk inspector, the same to aid the board of health in enforcing the law. He shall inspect places where milk is produced, handled, stored and kept for sale, delivery or distribution. The inspector shall examine and test the milk, examine the animals, bottles and other receptacles and shall investigate the methods and process used in production, care, preparation and delivery of milk.

Dairies shall be inspected six times a year at intervals of not less than sixty days and shall be rated according to score cards of the United States Department of Agriculture. All dairies scoring under 40 shall be deemed unclean and unsanitary and the certificate of such dairyman shall be revoked.

The sale of milk from diseased animals, or adulterated milk is prohibited. Milk shall not be handled for sale by person having communicable diseases. The milk shall be cooled to 60 degrees and shall be delivered at a temperature not higher than 60 degrees. Stored milk shall be kept in a tight container. Garbage, swill or refuse shall not be carried in same vehicle with milk.

Violation of the ordinance will be punishable by a fine of not less than \$1.00, nor more than \$100.00.

Ordinances were passed providing for the improvement of Ninth street from Broadway to Cleveland avenue by excavating, filling, grading and graveling the roadway and constructing concrete curb and gutter on each side of the street. M. E. Gillioz was the lowest and best bidder and was awarded the contract. He is to receive 70 cents per lineal foot for curbing and guttering and 60 cents per cubic yard for grading and 40 cents per square yard for graveling.

The reports of officers were received and bills were allowed.

Mr. and Mrs. W. S. Carlin, Mr. and Mrs. Earl Carlin and little son, of Purdy, spent Sunday in the city with Mr. and Mrs. O. Barker.

Mrs. Dot King and her nephew Frank Skaggs of Joplin came over to attend the funeral of Charley King.

Mrs. J. S. Foster, of Seligman, was in town on business Friday. Mrs. Foster is candidate for the position of postmistress at Seligman.

Mount Vernon wants a band. The Record says: "There is not a week but some occasion arises where the band could be used to good advantage. We will want weekly concerts this summer. We will have to have a band on Home Coming day. A Fourth of July celebration without a band would be about as complete as a circus without a clown; a 'swimming hole' without water or a kite without a tail."

There are some families in the city who are taking advantage of the charity of the city. Some families, who have been under quarantine for smallpox have expected the city to keep them up, and in many cases they are able to help themselves. The city or county are under no obligations to help people unless they sign an affidavit that they are unable to pay for food, and in that case they will receive help free of charge. In some cases where groceries have been sent to families under quarantine, they fail to realize that they are indebted to the city for the groceries sent to them and when they are well, do not pay the bill. In that case they are taking unfair advantages of the city and its charity.

A POULTRY AND RABBIT
PAPER FOR MISSOURI

Should Be Read by Every Breeder of Chickens, Turkeys, Pigeons and Small Stock.

Missouri is the greatest poultry-producing State in the Union and The National Poultry and Small Stock Journal is the only poultry publication printed in Missouri. It gives all the news of the experiment stations, the shows, clubs and associations, and what the individual breeders are doing. Chas. Key Cullom, the editor of The Journal, is president of the Missouri State Poultry Board and of the State Poultry Association, is also manager of the great St. Louis Poultry, Pigeon and Small Stock Show, and keeps in touch with both utility and fancy ends of the industry. A number of special correspondents also contribute interesting articles each month to The Journal.

The small stock industry is so closely allied with poultry as to be inseparable. The Journal devotes much space to the housing, feeding and exhibiting of small stock. Many breeders are now combining poultry and small stock and find it very profitable. The Journal has a corps of writers that are well-known rabbit and small stock breeders and exhibitors, who give much valuable information for the beginner and news notes for the old-timer.

In order to introduce The National Poultry and Small Stock Journal to thousands of new readers, the publishers have made arrangements with the Monett Weekly Times whereby both papers will be sent one year for only \$2.50. The regular subscription price of The National Poultry and Small Stock Journal is \$1 per year. To those of our readers who are already subscribers to The Times, but who want the National Journal, we will accept subscription for it at 50 cents per year. Address subscriptions to The Monett Times, Box 47, Monett, Missouri. 74tf

OBITUARY

In memory of Charles W. King who met his untimely death in the Frisco yards at Monett, Wednesday, February 23 at 9:33 a. m., while performing his duties as yardmaster. At 6:45 that morning he left his home in perfect health waving goodbye to his fond wife and remarking about the beautiful spring morning. About 9:45 she had a telephone call and was informed that her husband was hurt and had been taken to the West hospital by his fellow workmen. On arriving at the hospital she was informed that he had passed away.

Mr. King was overseeing the making up of a train which was to move east. When two cars were thrown in they failed to couple and rebounded. He stepped in to adjust the knuckle and was crushed when the cars came together again. When a switch engine released the cars his body fell to one side of the rail and was picked up by his friends who were standing near. Callaway's ambulance was summoned and he was hurried to the hospital but died on the way there. Relatives and friends are grief stricken over this terrible accident and the removal from their midst of a man with so noble a character as Mr. King was known to have been. His death is doubly sad for his young wife on account of the beautiful home he was having constructed on Fourth street in place of their house which burned on December 24th. He loved his home and his new house was always the subject of his conversation when talking to friends.

The funeral service was delivered by Rev. C. F. Whitlock, pastor of the Baptist church at 2:30 p. m., Friday February 25th. The service was beautiful and appropriate for the life led by this good man. Preceding the services a quartet composed of Leslie Mason, Lee Adams, Glen Mills and Percy Johnson sang "Beautiful Land" and Mrs. Fannie Jones sang "Face to Face" very sweetly. Following the services the church choir sang "Asleep in Jesus," "Beautiful Isle of Somewhere" and "Safe in the arms of Jesus." The pall bearers were men with whom he was associated in his duties as yardmaster. They were James Mansfield, Walter Swartzel, Jack Shirlee, Barney Conley, Bart Feehan and Harry Fleming. Those who acted as flower carriers were Mrs. Percy Johnson, Miss Meda Norlin, Mrs. L. C. Morgan, Mrs. Fred Williams, Mrs. Fannie Jones, Mrs. O. L. Wolf, Mrs. J. C. Carter and Mrs. Arthur Anderson. The floral tributes were many and beautiful. He was laid to rest in the I. O. O. F. cemetery.

Charles William King was the son of Bloss King and was born in Monett April 2, 1883, and was at the time of his death 38 years, 10 months and 21 days old. On September 29th he was married to Mrs. Opal Fowler oldest daughter of Mr. and Mrs. J. W. Armstrong. Mr. King had spent the greater part of his life in Monett. He came here from St. Joseph, Mo., seven years ago and had been employed by the Frisco as assistant yardmaster ever since. He was known by every railroad man coming into this terminal and was held in high esteem by them all. He will be greatly missed by his relatives and many friends. Besides his wife he leaves to mourn his death a half brother Robert Williams of Scribner, Neb., and three sisters, Mrs. W. H. Thomas of St. Joseph, Mo., Mrs. L. M. Bolton of Tulsa and Mrs. Sarah Withers of Des Moines, Iowa.

CANTALOUPE MAN WILL
EXPERIMENT IN MISSOURI

Carthage, Mo., February 27.—R. H. James of Rocky Ford, Colo., is here representing the cantaloupe growers of Colorado, who are planning to leave that state because the freight rates have become prohibitive and who are seeking locations nearer the central markets for the culture of the famous cantaloupes. James says the want land that can be irrigated as an as-surface against possible drought, and that Southwest Missouri has appealed to them as a desirable spot to locate. Land along Center Creek, near this city, seem to offer the proper inducements, and James says he will experiment there on a small tract. If he is successful other Coloradans will follow him here, he said.

MANY THOUSANDS OF
BOTTLES SOLD NOW

Nash's Croup And Pneumonia Salve Won Through Merit.

Nash Brothers, now a large manufacturing and wholesale drug house, began making Nash's Croup and Pneumonia Salve years ago. At that time they conducted a retail drug store in Jonesboro, Ark., and sold their salve in small quantities to other druggists in their own and neighboring towns. Today this dependable remedy is selling in car loads. Leading druggists both wholesale and retail find the demand for it increasing steadily.

It's just another example of what merit will do. Nash's Croup and Pneumonia Salve again proves the old adage that if you make better mousetraps the world will beat a path to your door.

For the protection of the public, however, we suggest that when purchasing this remedy you call for it by the full name—Nash's Croup and Pneumonia Salve. It is put up in 30-cent bottles and in bottles 2½ times as large at 60 cents; both are packed in blue cartons. Sold by L. D. McKee. —Adv.

A TOP OF \$550 IS
MADE BY HEREFORDS

Increased confidence in cattle breeding was shown by bidders at the auction of the Southwest Missouri Hereford Breeders' and Sales Association at Aurora Monday. A top of \$550 was made on a bull and of \$300 on a cow. Prices received were about 20 per cent less than those obtained early last summer.

The top bull was sold by W. H. Howell of Greenfield to L. N. Barbee of Ritchey and will be placed at the head of the herd being assembled there by Mr. Barbee. The top cow was sold from the Fred Whitmire herd of Aurora, to be placed in that of L. S. Coleman & Sons, Aurora breeders.
